### RECEPTION

Our Reception staff are friendly and efficient, attending to your needs immediately.

### SERVICE BAY

Speedy service and repairs are carried out in our modern, fully equipped Service Bays.

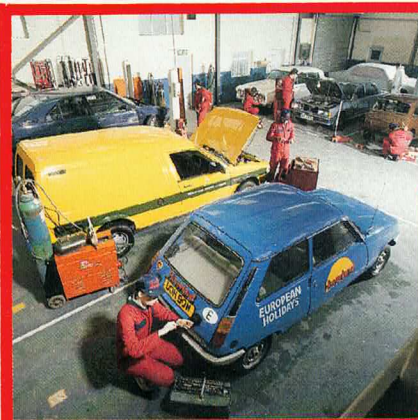

### RECOVERY VEHICLES

We have modern, purpose built recovery vehicles with passenger carrying facilities and are on 24 hour call-out alert.

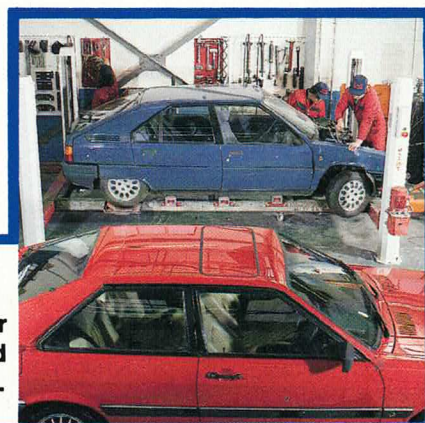

### SECURITY COMPOUNDS

Customers vehicles are housed in security compounds and guarded by the latest in electronic surveillance systems.

### BODY SHOP

Our modern body shop can cater for up to 14 vehicles at any one time and has a crash repair jig and low-bake oven.

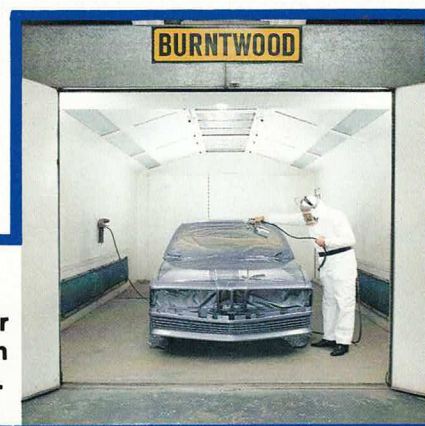

### CAR BENCH

The latest car bench body repair system will ensure a quick and perfect repair to damaged vehicles.

### PAINT MIXER ROOM

The wide selection of colours and mixing scheme will guarantee a perfect match for any make of car.

### LOW-BAKE OVEN

The final finishing process to our high-class repairs are carried out in the low-temperature stoving booth.

**E & S Motors** has been established as a family firm for the last 15 years, specialising in vehicle repairs, used car sales and recovery services. Personal attention and customer satisfaction has always been seen as a priority by the four brothers and is evident throughout the business.

Situated in the industrial heartland of Walsall, the premises are easily accessible from major roads and motorways and are also within easy walking distance of rail, coach and bus services.

The company's speed of growth, reputation for reliability and high standards of workmanship are reflected by the success it has achieved to the present day.
